

Issued on: 23 November 2015

Deadline For Application: 14 December 2015

POSITION TITLE:	Agricultural Officer (Seed Security)	GRADE LEVEL:	P4
		DUTY STATION:	Rome, Italy
ORGANIZATIONAL UNIT:	Seeds and Plant Genetic Resources Team (AGPMG)	DURATION *:	Fixed Term 2 years
	Plant Production and Protection Department (AGP)	POST NUMBER:	0622699
	Agriculture and Consumer Protection Department (AG)	CCOG CODE:	1H01

* The length of appointment for internal FAO candidates will be established in accordance with applicable policies pertaining to the extension of appointments

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.

Persons with disabilities are equally encouraged to apply.

All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

Organizational Setting

The Plant Production and Protection Division promotes the sustainable intensification of crop production. This requires the integration and harmonization of all appropriate crop production policies and practices in order to increase production in a sustainable manner in order to eradicate hunger while preserving the natural resources and environment for future use.

The post is located in the Seeds and Plant Genetic Resources Team (AGPMG), one of six teams in the Division. This Team provides advice, technical support, capacity strengthening and guidance aimed at facilitating access to high quality seeds and planting materials of the most suitable crops and their varieties. The Team's work contributes to translating the potentials of plant genetic resources for food and agriculture (PGRFA) into improved productivities on farmer's fields. The Second Global Plan of Action on PGRFA provides the framework for a significant part of the Team's work.

Reporting Lines

The Agricultural Officer reports to the AGPMG Leader
