CALL FOR APPLICATIONS

RESTRICTED TO DUTCH APPLICANTS

For national experts from Belgium, Hungary and the Netherlands for developing and writing the
*Training Manual about a Transnational Referral Mechanism for Victims of Human Trafficking
among Belgium, the Netherlands and Hungary*

Objective:

The Ministry of Interior of Hungary as the project leader and its project partners, the Ministry of Security and Justice of the Netherlands and Payoke vzw of Belgium invite experts to submit applications in the framework of the project “Referral of and Assistance for Victims of Trafficking in Europe” HOME/2012/ISEC/AG/4000004405 (hereinafter referred to as RAVOT-EUR). There is a strong need in the field of fight against human trafficking to establish a common “rules of procedure” and guidelines for policymakers, judiciaries, social workers, law enforcement officers about how to refer and assist victims of human trafficking. Practice proved that identification of and assistance for trafficked persons can only work effectively by way of a cooperation matrix that includes all relevant stakeholders both in the country of origin and destination throughout the assistance process.

Taking into consideration these facts one of the objectives of the project is to compile a tool in which three experts from the three partner countries jointly write a Training Manual (each expert will write his or her part according to his or her nationality) that can be used in the everyday work of experts involved in the identification, assistance and referral of victims of human trafficking.

Under this call for applications one expert from Belgium, one expert from Hungary and one expert from the Netherlands will be selected.

Required skills and experience:

To be eligible candidates must:

- be citizens of one of the three partner countries (Belgium, The Netherlands, Hungary)
- have strong writing abilities and capacity for researching and writing
- be able to coordinate input from organisations in the national network
- be able to closely cooperate with other authors
