

Issued on: 3 June 2016

Deadline For Application: 24 June 2016

POSITION TITLE:	Statistician	GRADE LEVEL:	P-3
ORGANIZATIONAL UNIT:	Sub-regional Office for Eastern Africa, SFE	DUTY STATION:	Addis Ababa, Ethiopia
		DURATION *:	Fixed-term: 2 years
		POST NUMBER:	0094358
		CCOG CODE:	1M02

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.

Persons with disabilities are equally encouraged to apply.

All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

### Organizational Setting

FAO's Subregional Office for Eastern Africa is responsible for developing, promoting, overseeing and implementing agreed strategies for addressing subregional food, agriculture and rural development priorities. It develops and maintains relations with subregion-wide institutions including Regional Economic Integration Organizations (REIOs). It assists the FAO Representations (FAORs) in the subregion with addressing subregional food security, agriculture and rural development issues at country level. The Subregional Office is a subsidiary of FAO's Regional Office for Africa.

The post is located in Addis Ababa, Ethiopia.

### Reporting Lines

The Statistician reports to the Sub-regional Coordinator, SFE, in close cooperation with technical officers in SFE and the Regional Office for Africa (RAF).

### Technical Focus(optional)

Under the functional guidance of the Director, Statistics Division (ESS), to provide statistical capacity development, statistical methodologies, project implementation and backstopping.

### Key Results

Research and analysis of information, data and statistics, and the maintenance and updating of related tools, methodologies, and/or databases to support the delivery of programme products, projects, publications, and services.

### Key Functions

- Researches and analyzes agricultural, economic, trade, market, social, environmental, nutrition/food composition and/or gender related data, statistics and information to provide technical, statistical and/or policy related information and analysis to support the delivery of economic and social development programmes work, products, projects, publications and services.
- Produces a variety of technical reports and input for technical documents, Departmental publications and/or web pages.
- Provides technical, statistical, and/or analytical services on various studies, projects, and/or assessments and provides technical backstopping to field projects.
- Participates in the development of improved/updated technical, statistical and/or analytical tools, methodologies, systems, databases, and/or key social/ economic/ environmental/ nutritional and/or early warning indicators, etc.
- Participates in multi-disciplinary teams, collaborates with other departments and agencies on work groups and committees and promotes best practices.
- Collaborates in capacity development activities involving the planning and organizing of training workshops, seminars, and major meetings and the preparation of related information, materials, on-line tools and information kits.
- Promotes knowledge sharing and best practices at international meetings and conferences and influences partners in stakeholder consultations.
- Participates in resource mobilization activities.
- Performs other duties as required.

### Specific Functions (optional)

- Supports the implementation of the Global Strategy to Improve Agricultural and Rural Statistics in the Region and assists in donor identification and liaison.
- Facilitates country access to, and regional dissemination of, the FAOSTAT corporate statistical database; regularly reviews FAOSTAT identifying missing official data and metadata and follows-up on statistical questionnaires to improve response rates and the quality of the information.
- Advises National Statistical Institutions on the organization and conduct of agricultural censuses, farm surveys and household surveys related to food and agriculture, including the use of appropriate methodologies and the training of national personnel as well as the dissemination of results.
- Supports/contributes to the preparation of flagship sub- and/or regional publications focussing on nutrition, food security and agriculture trends using different indicators and analyses of data related to food availability, access, utilization and stability

- Supports the development of agricultural statistics and relevant dissemination systems in close partnership with the UNECA, RECs and other relevant institutions in the sub-region
- Provides training and statistical capacity at country level in the compilation of the Food Balance Sheets and of Food Security Indicators.

---
