Areas of observation include 11 Embassies and 2 Consulates, respectively in Berlin; Paris ; Marseilles; London; Stockholm; Brussels; Berne; Rome ; Milan; Madrid; Bucharest; The Hague; and Athens. One team of two STOs are to cover one Embassy/Consulate each. Accordingly, **Member States are requested to mark whether their STO nominations would be available to observe the OCV in any of the places listed above. The OCV STOs should ideally reside in the same country or city of the listed OCV countries in order to be deployed to the Embassies/Consulates in a time and cost-effective manner.**

OCV STOs are to be deployed to the 13 Embassy/Consulate AoOs one day before OCV operations, unless they reside in or close to the Embassy/Consulate city, and can reach the site by 6h30 in the morning.

In total, the 26 observers will be contracted for an additional 5 days of work. Their contract will cover the period starting from 3 days before the OCV operations and until 1 day after. They will have two days of home-based preparatory work, including two three-hours webinars with the CT in Lebanon as well as one provided by LADE (Lebanese Association for Democratic Elections), to familiarize themselves with OCV procedures and form filling; one day of familiarization before polling; and one day after for processing observation forms. OCV STOs will be required to read Law 44, the Joint MOIM/MOFA decree on OCV, the ExM Final Report, and the CT LTO Briefing Pack. STOs should also receive a PDF version of the IDEA Handbook on Voting Abroad.

They will complete paper-based forms while observing OCV and will transfer the content into the web based platform E-Day upon return to their place of residence. They will have one day to enter their results onto the provided link. Paper Observation forms for polling are near identical to in-country forms and can be fine-tuned by the EU EOM Electoral Analyst.

Upon completion of the process, the OCV STOs will follow the regular deployment schedule to Lebanon.
