

PRIME MINISTER

His Excellency

Mr. Abdel Fattah El-Sisi,

President of the Arab Republic of Egypt

Cairo

Budapest, 17th February 2015

Your Excellency,

I am deeply shocked by the brutal beheading of 21 Egyptian Coptic Christians in Libya.

On behalf of my government and the Hungarian people let me offer my deepest sympathy and condolences to you and the people of Egypt. This savage and unjustifiable act contradicts not only any religious belief but is also irreconcilable with the fundamental values of human civilization. Our thoughts are with the families of the victims.

The Government of Hungary firmly supports all efforts to combat extremist groups and reiterates its determination to support the Egyptian Government in its fight against terrorism.

Please accept, Excellency, the assurances of my highest consideration.

Yours sincerely,

ORBÁN Viktor
